HAITI. LOVE. HEAL.

Hope.

In this world you will have trouble. But take heart! I have overcome the world. - Jesus

JOIN US TO LOVE AND SERVE THE PEOPLE OF HAITI

A team of medical professionals from DFW is traveling to Port au Prince Haiti August 13-22

What kind of medical skills are needed?

Surgeons, OR techs/nurses, Anesthesiologists, Primary Care Doctors, NPs, PAs, Physical Therapists, Paramedics, and Nurses. Also we have room for a few non-medical folks who want to be involved in helping with medical supplies and acting as nurse's aids to minister to the sick. Total team size will be around 20 people.

What are the dates?

We will leave on Friday August 13th from DFW, spend the night in Miami, and then fly to Port au Prince on Saturday the 14th. We will leave on Saturday the 14th and arrive back in DFW on Sunday the 22nd.

What will we do?

This team will be part of an ongoing rotation of medical teams to Mission of Hope Haiti. Our week will have primary care focus, but surgical capability is available and could be done if surgeons are part of the team. There is one OR and a new short-stay hospital (in a large tent). There is also a new prosthetics ward that we will help support.

Where will we stay?

Mission of Hope is a ranch-like facility about 15 miles NW of Port au Prince. Members of the team will stay in a newly built guest house and be fed on-site by local staff. The facility is secure. Visit www.mohhaiti.org for more information.

How much will it cost?

Total cost will be approximately \$1500, depending on airfare. Assistance with raising funds is available.

Why?

Jesus taught by example that sacrificial love is the highest value and most powerful force for healing. Using our medical skills on behalf of our wounded friends from Haiti is a way for us to express and experience the kind of love that Jesus modeled.
